EEBA is Your Pathway to Building Science Education

2019 Sponsor Opportunity Packages
Your Pathway to Building Science Education

EEBA is...

- Where the high-performance, sustainable home-building community gathers
  - Independent clearinghouse for cutting-edge building science
  - Where the industry turns for data-driven learning

- A community of dedicated professionals, committed to helping one another build high-performance, sustainable homes through...
  - Peer-to-peer engagement
  - Earning continuing education credits
  - Sharing of best practices
  - Growing demand for high-performance homes

- Nationally recognized, nonprofit, building-science training organization

- The home-building industry’s most trusted resource for nearly four decades
What EEBA Brings to Partners and Sponsors

<table>

</table>

“Builders involved with EEBA gain detailed knowledge on how to build better homes to higher standards AND how to market and sell them.”

— Todd Usher, Addison Homes, Greenville, SC
Who EEBA Influences

Professionals affiliated with EEBA...

- **Help shape** sustainable legislation, codes and energy efficiency standards
- **Search** for new, high-performance building technologies and products to incorporate into current homes
- **Seek** CEU training to maintain professional certifications: AIA, NAHB, USGBC, BPI, RESNET, ICC, NARI, NATE, and many state-level organizations

“Building science will fundamentally determine whether your buildings will work or fail and EEBA is the building science.”

— Sam Rashkin, Chief Architect at the U.S. Department of Energy Building Technologies Office and founder of the ENERGY STAR for Homes program.
How EEBA Brings It All Together

● By building an active community: EEBA connects your brand with hundreds of high-performance building decision-makers:
  ○ Analysts
  ○ Architects
  ○ Engineers
  ○ Energy Raters
  ○ Building trade professionals

● By providing builder certifications: Earn CEUs and the EEBA High Performance Builder or EEBA Site Supervisor certifications, as well as the popular Home Energy Rating System (HERS) Associate Designation

● By advancing the state-of-the-art: EEBA creates educational programming that features leading building science experts
  ○ Unparalleled access to the latest sustainable technology, building products and cutting-edge thought leadership
  ○ Education on local, regional and national level to meet a variety of needs
## EEBA Pros: A Demographic Worth Reaching

“EEBA has introduced new, innovative solutions to keep our homes on the cutting edge of energy efficiency, sustainability and technology in an intimate and informative setting that far surpasses that of other builder events.”

— Craig North, Tim O’Brien Homes, Pewaukee, WI
**Builder Certification**

Full-day educational sessions allow home builders and remodelers to earn:

- **EEBA High Performance Builder Certification** incorporates what is essentially a basic training on high-performance building and includes:
  - Houses That Work™
  - High Performance Mechanicals for Houses That Work™
  - HERS (Home Energy Rating System) Associate

- **EEBA Site Supervisor Certification** shows how the building science knowledge, processes and best practices apply to residential construction site supervisors

- Coursework for both programs complies with guidelines developed by the U.S. Department of Energy for building science education

“The lessons learned from the top industry professionals have been instrumental in helping us differentiate ourselves from the competition.”

— Luis Imery, Imery Group, Athens, GA
Sponsorship Opportunities

There’s a level for everyone

Professionals who leverage EEBA education are highly engaged and motivated to learn, share and experience new ideas. Use the following sponsorship opportunities to make an immediate impact with sustainable building leaders.
Three Education Sponsorship Levels

Multiple partnership packages and sponsorship opportunities are available.

**PLATINUM** = National Partner: $30,000 investment

**GOLD** = Regional Sponsor: $20,000 investment

**SILVER** = Local Supporter: $15,000 investment

“We benefited from EEBA regional training events, the EEBA Summit and the ability to network with like-minded builders and manufacturers, as well as with experts from the DOE and EPA. No other organization offers these benefits.”

— Gene Myers, CEO of Thrive Builders, Denver, CO
Platinum: National Education Partner | $30,000

- **Product Category Exclusivity**: Additional categories beyond the first are available at $15,000 per category
- **Four Scholarship Seats** at all regional training events for your most valued customers, employees and prospects
- **Increased Brand Visibility** at the annual High Performance Home Summit:
  - Four Complimentary Summit Registrations
  - Summit Showcase: Free exhibit space
  - Private Studio: Branded private meeting room to host builders
  - Exclusive education track sponsorship
- **Three Host Sponsorships** at regional training events including welcome address, event invitations and onsite signage. Approval of industry cosponsors (local HBAs, utilities or community organizations) *
- **Digital Marketing Opportunities**: Ally your brand with EEBA through advertising, website, webinars, monthly e-newsletter, and all event marketing materials

* Product category exclusivity is valid for three hosted events only. To ensure complete exclusivity, additional hosted regional events may be sponsored by local reps, distributors or showrooms.

“If you're not currently building better than code, the Summit will be a mind-altering experience, because you will be exposed to a whole new perspective on building high-performance homes.”

— Rob Howard,
Performance Construction Manager, Mitsubishi Electric Cooling & Heating
